EMERGING BUDS SCHOOL

NOT TO MOULD BUT TO GROW

OUR BEST PRACTICES

EMERGING BUDS

Each admitted child is assessed and advised on the required training. This makes it easier to identify their strengths and weaknesses early on and move towards appropriate solutions.

TNA

TRAINING NEED ANALYSIS

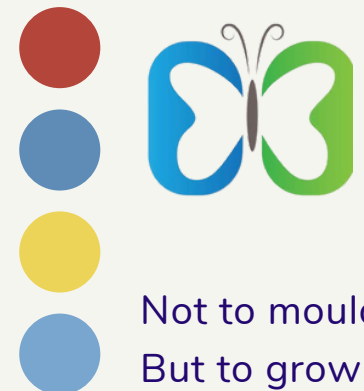

SPS

Student Profile System

health records and reports are also attached to this file.

A file is opened for each child taking admission. Apart from the child's personal details, the child's health records and monthly or weekly reports are also attached to this file.

Not to mould
But to grow

IEP

Individual Education Program

Students who need extra help and support in school may be eligible for special education services in the form of an individualized education program (IEP). This program is offered at a normal fee to the students. It helps a lot in bringing up children who are backward in learning.

in bringing up children who are backward in learning.

SCHOOL OF PARENTING

1. We offer monthly parenting sessions according to the age and stage of the child's development, to help the parents develop proper parenting skills so that they can keep a positive relationship with their children
2. Apart from this, parents are getting training in physical health education, mental health education, success education and wealth education through these classes.
3. Every parent who attends regularly can gain more knowledge on their respective subjects and thereby make changes in themselves, their child and their family.
4. As most of these sessions are attended by mothers, training is also provided on healthy food cooking techniques.

5. A family festival is held for boosting up the happy hormones. It causes mental euphoria from the stressful life environment.

NATURE BLISS

Nature walk provides the children interaction with nature, and live learning experience to make discoveries, raise doubts and solve problems. It reduces stress and anxiety, and develops self-expression, creativity and socialization skills.

SNT

Social and Nature Learning Travels

HIGHLIGHTS

SUNLIGHT

Exposure to sunlight makes the children physically and emotionally fit.

SYMPATHY & EMPATHY

Such trips are useful to reach out to the helpless people of the society, understand their difficulties and develop sympathy, empathy and kindness towards them.

MENTAL HEALTH

It reduces stress and anxiety, and develops self-expression, creativity and socialization skills.

SEP

Student
Empowerment
Trainings

It also helps in developing self-confidence and positive attitudes in children.

INSTILLS THE
ACHIEVERS'
ATTITUDE.

Problems are diagnosed

Health education programs provide age appropriate information about health and nutrition to the children in schools. It helps to promote healthy behaviors among the children that they will inculcate for life. It is to detect and maintain BMI. This program promotes safe menstrual hygiene practices by girls. We teach karate/yoga/meditation as a part of health education. Health checkups are done on children, problems are diagnosed and solutions are provided through classes for children and parents.

Solutions are provided through classes.

We Believe That Healthier Body Can Makes Happier Soul

Health Education

Be Healthy, Be Happy

REDUCE SCREEN TIME

Making crafts will keep your kids busy and reduce their screen time.

QUALITY TIME

Plus, you can spend some quality time with your little ones while creating

CHOOSE YOUR BEST SCHOOL
